The following general statements shall apply to all permits:

1. All projects shall conform to the standards and specifications and other criteria adopted by Mathews County unless a variance has been granted in writing by this locality.
2. This permit must be kept on the work site and shown on request.
3. Mathews County Planning & Zoning Office must be notified when work commences and when the project is completed.
4. Other work (grading, excavating, construction) on the project shall not commence until the appropriate erosion and sediment controls are in place, as specified on the plan.
5. Applicant agrees to be responsible for any and all damages to any other conservation measures already in place as a result of work covered by this permit.
6. Applicant agrees to maintain the conservation measures in satisfactory operating condition until final, permanent stabilization is achieved.
7. Permanent or temporary soil stabilization shall be applied to denuded areas within seven (7) days after final grade is reached on any portion of the site. Temporary soil stabilization shall be applied within seven (7) days to denuded areas that may not be at final grade but will remain dormant for longer than fourteen (14) days. Permanent stabilization shall be applied to areas that are to be left dormant for more than one (1) year.
8. The land disturbing permit may be revoked should Mathews County determine that the project is not in compliance with the conditions of the approved Plan.

I, applicant, certify that I have read and understand the above requirements of this permit.

If checked, the following will be applicable:

- \_\_\_\_\_ Section 50-28 of the Mathews County Erosion & Sediment Control Ordinance requires that a Performance Bond or other acceptable form of security be posted with the amount determined by the Program Administrator. Such Performance Bond shall be conditioned to conform to any work to approved standards and specifications, as specified in the approved Erosion and Sediment Control Plan.
- \_\_\_\_\_ Final inspection of the project shall be made by the Program Administrator or designated agent. The release of the Performance Bond is contingent upon the findings of such inspection. Release of the Performance Bond shall occur within 60 days after the project site is deemed adequately stabilized by the Program Administrator.
